A Closer Look

THOSE FIVE ACRES

There seems to have been sufficient heat engendered by the city council's recent purchase of five acres of orange groves immediately north of the new Civic Center Complex to send up a reasonable number of smoke signals.

Anyone interested in deciphering smoke rings, including members of the press, is therefore entitled to an opinion.

We would like to go on record as supporting the council's apparent farsightedness. As a matter of fact, it may not have been nearly as farsighted as we once supposed.

As a frequent visitor to City Hall and The Placentia Library on both day and night trips, this editor has noted with some surprise the general difficulty in finding a place to park a car.

There is usually space at the far end of the parking lot, away from the entrance. But very little. A few hundred more homes built in the city could fill that up a lot faster than we can provide the additional parking we may need.

The first slice out of the five acres of orange groves may well be more stalls for parking cars. This could mean the difference between access and no access for all of us to use the new City Hall and the increasingly popular Library.

It would have been a nice arrangement if the citizens of Placentia could have bought these celebrated five acres for $30,000 an acre. Apparently not realistic. But cozy.

The members of the Kraemer family, previous owners of the property who believe the acreage to be worth much more than that, however, might have objected to us setting a figure at our own convenience.

Further, it would have been illegal.

We just hope the entire five acres isn't needed for parking spaces.

Perhaps at a future date some place in this city, even on these five acres, there will be room for a building large enough to bring more of us together at one time.

Perhaps a covered amphitheater that would permit a lot of us to view a basketball game, enjoy a play, attend a dance or a special presentation. There are school buildings that provide some of these luxuries. There is no civic building.

But such structures cost money.

Anyone who has attended a Teen Dance at the Backs Community Building and seen the crush of bodies will appreciate the problems youth groups have in arranging that type of recreation in this city.

To stage a dance to raise money, one youth athletic group found themselves forced to go outside the city's boundaries to find a suitable place--with unsatisfactory results.

The City Council, of course, is not infallible. They make mistakes just like the rest of us.

Purchasing the five acres would not appear to be one of them.

-BETTY MEAD

ROAD PLANNED

A precise alignment for an extension of Alta Vista Street, curving broadly from Rose Drive to Jefferson Street, was approved unanimously last Tuesday night by the Placentia City Council. The road is planned to end in a conjunction point between Alta Vista and Jefferson where it now meets Buena Vista Avenue.

Entering Bicentennial Year, Mayor Surveys State Of City

BY MAYOR ROBERT B. LYONS

This New Year, 1976, in addition to being the Bicentennial Year for our Country, will also be the City of Placentia's fiftieth anniversary. The City was incorporated officially on December 2, 1926 after a vote of the people.

In case you hadn't figured it out yet, the 1976 and 1926 calendars are identical starting March 1st. So when our City Council meets on December 7, 1976, they will be enacting the first council meeting on the same day, fifty years ago.

At the end of an eventful year, and starting into our fiftieth, we are happy to be able to present a State-of-the-City message.

First, I guess everyone is interested in the money aspect. This year's budget was the largest in the City's history, as you would expect since our population continues to grow at a rate of about four per cent per year. The tax rate went down for the fifth consecutive year and water was dropped from the utility tax. The City is in sound fiscal condition and can continue to have a balanced budget with the property tax until about 1977/78. Then, the Council will have to make adjustments in various funds, or raise the property tax because our yield from other sources e.g. building permits, etc. will start tapering off.

The Council is in the process of adopting a Capital Improvement Element of the General Plan. This document provides a guide for the fiscal growth and stability of the City and indicates the potential use of over 60 million dollars of tax money in the next twelve years.

One of the ways that the Staff has found to reduce our outlay is to become self insured in various areas. The cost of municipal insurance has been increasing at an enormous rate because people are suing cities for practically everything. We have found that we can save close to $100,000 per year by selectively handling our own policies.

Photo by Jane Caswell

SURROUNDED BY the flags of his office, Mayor Robert B. Lyons works on his State of the City statement. Thursday starts a New Year in Placentia as well as the city's Bicentennial Year and commemoration of the city's 50th birthday.

Going into Administration, the Personnel Department has had an active year. At year's end our total number of employees had dropped to the lowest point in years (127) primarily because of the transfer of fire responsibility to the County. It is in the Personnel area that you see more of the coming trend in Municipal Management. We coordinate our recruiting and hiring through various County wide programs, we consolidate our testing and selection criteria for Police Officers, we operate a CETA Contract with the Federal Government and a Services contract with the County of Orange.

Next year we have labor contracts coming due with our three employee organizations; the Police Association, the City Employees Association and Mid Management. These negotiations and parallel Management and Supervisory training will keep the Personnel Staff hopping.

Switching briefly to development of Commercial and Industrial Resources, the City continues to aggressively pursue industrial and commercial enterprises to balance our taxing structure. Our total industrial area available now runs around two million square feet, up about 25 per cent from a year ago. This expansion means that an additional 170 jobs were created in Placentia. Commercial growth remained steady, keeping pace with the expanding population.

Looking at our sales tax revenues, our Merchants have had a good year. It is well to remember that for every dollar spent in Placentia, one penny returns to the City to help reduce property taxes.

The Office of Social Services, the

[Continued On Page 2]

Widening Of Chapman Is A Major Project

The best path for the widening of Chapman Avenue, between Murray Street and Kraemer Boulevard, will be a major topic of conversation at the January 13 session of the Placentia Planning Commission.

Along with input from citizens and any other interested parties, the commission in their decisions, will rely, perhaps to some extent on a $6,900 handbook compiled by Governmental Professional Services of Santa Ana.

The 76-page booklet, among other details of information, outlines five precise alignments that the heavily travelled roadway might take for widening. Among these, the authors of the report recommend Alignment Four, which slices mostly off of the north side of the street. This leaves most of the homes on the southern border of the avenue, intact, but sitting very close to the line of traffic.

Involved in the expansive report are such areas as leaving the street as it is; widening within the existing rights of way; and cul-de-sacing Walnut Avenue, Main and Alta Streets.

Recommendations

Six recommendations are made by the engineers, headed by Noel Torkelson, executive vice president of Governmental Professional Services.

1. Widen Chapman Avenue from Murray Street to Angelina Drive to a secondary arterial highway with a 64-foot wide roadway in an 80-foot right of way.

2. Select Alignment Four as the best alignment between Murray Street and Anned Drive.

Reasons given for this selection are (a), the project cost for this alignment is $855,000 or $231,000 less than alignment #2; $293,000 less than alignment #3; $283,000 less than alignment #5 and $400,000 less than alignment #1.

(b) This alignment requires the removal of five structures as compared to eight structures for alignment #2; 13 for alignment #3 and #5 and 14 for alignment #1.

(c) This alignment requires relocation assistance for seven units as compared to 10 for alignment #2; 12 for alignment #3 and #5 and 13 for alignment #1, minimizing the number of people to be relocated, according to the report.

3. Establish no parking at any time on Chapman Avenue throughout the length of the project to thus provide for four travel lanes plus left turn and two-way left turn lanes.

4. Set aside substitute park lanes to replace that portion of Kraemer Memorial Park acquired for street purposes.

5. Act to restrict vehicular access from Walnut Avenue and Main Street on the southerly side of Chapman Avenue by creating cul-de-sacs at the intersections.

6. Discuss temporary closure of Alta Street at Chapman Avenue with the Calvary Church and implement on a trial basis. This would result in either closing the street or consideration to prohibit left turns at Alta Street.

These recommendations have already brought charges of inaccuracy and protest from members of the public addressing city commissions.

In a general chapter, the report points out that Chapman Avenue widened to a secondary arterial 64-foot roadway on an 80-foot right-of-way, can carry four lanes of through traffic, with the option of

[Continued On Page 2]

Santa Overlooked These Families

Santa Claus ran out of Christmas in Placentia this year.

Indications are this week that at least 20 families, who would be classified as needy and deserving, had no means of celebrating the special day.

The families reported without any Christmas provisions this year are principally from the La Jolla and Atwood neighborhoods.

The Placentia Round Table's big annual city-wide Christmas effort, the Christmas Clearing Bureau, handled a record number of requests this year. Their lists numbered around 250 families.

However, some of the names of families were not turned into the Bureau, or in one case a list of 24 names was submitted so late that there was no way to accumulate enough extra food and gifts to supply all the families.

Among the families are those with invalid people, both children and adults; senior citizens, who have health problems; a widow supporting several small children and others with family emergencies or severe problems.

Most of the families listed, who did not receive any Christmas provisions, are not on welfare, and are having an extremely difficult time financially, neighborhood leaders report.

Mrs. Rosa Garcia reports eight families in the La Jolla neighborhood in need, one with six children and one with an invalid adult. Mrs. Garcia can be reached at 630-4995 and will be responsible for distributing any donations of food or gifts.

In the Atwood area, Mrs. Tina Gonzales has a list of six additional families in similar situation. She can be reached at 630-3285.

At the Gomez Community Center, in Atwood, Social Services Director, Edmond Heraux can be reached at 993-8236 or 993-8206. He has a list of seven additional families.

Anyone with donations who cannot reach these individuals, can contact The Placentia Courier at 528-2525.

Four Firemen Temporarily Reinstated

As an interim measure, four former Placentia firemen, who were dismissed for alleged misappropriation of city property, were reinstated without back pay by an arbitrator. Monday, pending a final decision.

Arbitrator Joseph Gentile indicated that the hearings to determine if the discharges were proper could not be concluded by December 31, 1975. The date is the official cut off time for transfer of personnel under the provisions of the new fire contract with the County of Orange.

Consequently, if the Arbitrator was to ultimately rule in favor of the firemen, there would be no means by which to transfer them to the County Fire Service.

The action by the arbitrator was made without prejudice and was an interim measure only. Hearings, which commenced on October 27, 1975 to determine if the discharges were proper, will continue to conclusion.

The former firefighters involved in the hearings are Richard Bitrich, Richard Clawson, Patrick Wible and Arthur Wilkerson. All of them except Arthur Wilkerson must also stand criminal trial scheduled for January 10, 1976 on the charge of theft.

The case against Wilkerson was dismissed earlier because of a technical defect involved in obtaining evidence.

Next Election Bilingual

Registered voters participating in Placentia's upcoming Municipal Election on April 13, 1976, because of a change in the state election code, will receive all voting materials in both English and Spanish.

The state decision also will make it more expensive for local candidates who file for the three open city council seats, who may wish to include with the ballot, a personal candidates statement.

The Placentia City Council, after some debate and with Mayor Robert Lyons dissenting, voted four to one that any candidate who wishes to include a 200 word or less personal qualifications statement, must pay for both the English and Spanish printing and the translation.

The council turned down a state option to permit candidates to increase their statements to 400 words.

City Clerk Edmund Ponce explained to city council members, that the new state law requires that all election instructions be published in the languages of the population. With 25 per cent of the population using Spanish as a language in Placentia, Spanish as well as English is mandatory.

Councilman George De Jesus and Mayor Pro Tem Michael Callahan stated opinions that since the candidate's statement is not mandatory, the individual should pay for the bilingual versions.

Mayor Lyons said he believed that if the second version is ordered by the state, which is the people, then the people should pay for it.

Mayor Prayer Breakfast Scheduled

The city of Placentia and the Placentia Ministerial Association announced this week that the city's second annual Mayor's Prayer Breakfast will be held on Saturday morning, January 24, 1976, beginning at 8 a.m. at the Alta Vista Country Club.

Mayor Robert Lyons will be master of ceremonies and the speaker will be Dr. Ralph L. Byron, Director of General and Oncological Surgery at the City of Hope Medical Center in Duarte.

Mayor's State Of City

[Continued From Page 1]

youngest of the City endeavors, expanded their activities almost 800 percent in 1975, primarily by acting as a link from our citizens to County, State or Federal organizations designed to work on a particular problem. It was the intent of this office not to provide duplicate services to those already available, but rather to channel potential users to the correct agency. To this end, we have established branch offices for Consumer Affairs, Legal Aid, Volunteer Service, Employment and Speech and Hearing Therapy. These activities, using trained personnel from other Agencies operate out of our three Community Buildings.

This Office will be conducting a Citizens' needs survey in 1976. Please cooperate with them so we can provide better service.

The Planning Division completed the Seismic Safety and Public Safety element of the General Plan. We now have completed and adopted all of our State Mandated elements. The General Plan and Zoning Maps were revised and updated. Preparations have been completed for the Special 1976 Census which will be conducted in January and February.

The Chief Building Official reports that 400 to 500 more dwelling units are in the various stages of planning and construction for 1976 so it looks like our growth rate will continue for at least the foreseeable future.

The Engineering Division has had perhaps the most publicity this year. Not so much for what has been done, and there has been plenty, but for a project scheduled for next year. Five new traffic signals were installed in 1975, and sewers and storm drains were completed on Palm Drive and Kraemer Avenue. The people south of Palm Drive will no longer have to dread the rainy season.

The storm drain at La Jolla and Placentia, a problem for a number of years has finally been corrected. The Chapman Avenue widening study and associated reports was completed and a series of public hearings has been initiated. This project, if approved by Council, should get started in late 1976. Also in 1976, approximately $400,000 in public improvements will be implemented in the southeast section of the city.

It was in the area of Public Safety that the City made some of the most dramatic changes. First, after long negotiations, the Fire Department was abolished and the City decided to contract for Fire and Rescue Service from Orange County. We have a fixed cost contract which extends through June 1977. As a result of this contract, our fire protection level has doubled and we now have a Paramedic Unit assigned to a Station in Placentia. We expect to have a fire rating inspection in early 1976 and further expect that as a result of that inspection our rating will be improved from Class 5A to Class 4A.

In our Police Department, we have been concentrating on burglary prevention and correction. More and more officers are being assigned to patrolling responsibilities because of the increased crime rate. Here again, in the Police Department we are seeing the result of coordination between our Department and other Departments within north Orange County. We have joined with three other Cities to get a grant to fight burglaries on an area wide basis. We already have an agreement with other Cities for a Court Liaison Officer.

Last, but not least, our most visible Department, Recreation and Maintenance Services. This year we have nearly completed developing available median strips, completed two Community Centers and two family type swimming pools, assisted in the acquisition of Lake Placentia property, developed Phase One of Goldenrod Parks and finished the planning for Wagner Park.

Next year, Wagner Park Phase One development will be completed and park lighting in all parks will be improved. Due to the alertness of our Staff, a restroom-maintenance building valued at $36,000 was donated to the City in return for our allowing it to be used for a one week display. The new picnic tables and barbeques that you see in some of the parks are a present to the City from Mrs. Angeline Backs.

I purposely closed with this Department because it is here that we have one of the more potentially emotional issues of 1976. There are a dedicated group of citizens in this town trying to save the Bradford House and maintain it as a Cultural Center available to future generations. The problem, from the Council's level is this. Bradford House does have historical significance to the city in that it was designed, built and was the residence of the man who designed our City. However, about one mile north and west of the Bradford House, also in the City, is the Key's Ranch, a house of the same period, of equal significance and which has been recognized by Orange County as a historical monument. The County will maintain the Key's Ranch as a State Historical Monument. The Council has determined, at least tentatively, that Placentia doesn't need, and can't afford two historical monuments of the same period and so has offered to help the people who want to save the Bradford house, but so far has been unwilling to spend taxpayer's money on the project.

In response to an ad soliciting comment on the Bradford House, Council has received approximately twenty calls and/or letters in favor of the City stepping in to save the house. Two letters were in favor of the present policy. That leaves 31,972, undecided. How do you people feel? Should Council assume that since you don't say anything you don't care?

Summarizing, we have had a successful year in the City, due largely to the dedication of Ed Powell and his Staff. The quality and quantity of services has increased. Yet the cost of these services has increased less than nationwide inflation. We project continued fiscal strength and a strong program to protect the quality of our environment. We have problems to face or decisions to make and we would appreciate input.

Should we spend tax funds to preserve the Bradford House as part of a Heritage Park? By what means should we accommodate the increasing East-West traffic on Chapman Avenue? How should we manage our finances when permit revenues keyed to population growth start to drop off?

I can't end this report without a word of thanks to my fellow councilmen. This City is, in effect, a five million dollar a year corporation and these gentlemen put in many long hard hours to keep it working efficiently. I think the quality of the product is ample evidence of their efforts.

DECLARED UNSAFE--for human habitation, a duplex at 207 West Chapman Avenue, owned by the city of Placentia, has been demolished by wrecking crews. The house sat along the Chapman Avenue corridor where widening is scheduled to take place and was a gift to the city from Mr. and Mrs. Edward Backs. City Council members voted the demolition on September 16. In the picture above, workmen begin tearing down the roof and salvaging bricks from the home before the bulldozer moved in.

Chapman Widening

[Continued From Page 1]

providing either left turn lanes or parking on both sides of the street.

West of Placentia Avenue, in Fullerton and eastward from Angelina Drive, Chapman is designated a primary arterial, capable of carrying four lanes of traffic, left turn lanes and parking on both sides of the street...or six lanes of traffic and parking prohibited.

Existing Conditions

Chapman Avenue, the report continues, is carrying around 14,000 vehicles a day at Murray Street and 10,000 a day east of Bradford Avenue. It is expected that the growth of traffic "will take a dramatic jump within the next two years as a result of the opening of the Chapman Avenue extension easterly of Kraemer Boulevard."

Ultimate traffic demands are expected to be 17,000 vehicles a day between Kraemer Boulevard and Bradford Avenue and 24,000 a day between Bradford Avenue and Placentia Avenue.

Land use shows the northern side of Chapman Avenue to be predominantly commercial and the southern side, residential. There are exceptions in both cases.

In the traffic safety evaluation, the document covers such items as visibility obstructions, turning lanes, sight distance, traffic signal indications, pedestrian protection and bicycle facilities.

"Chapman Avenue will become a bottleneck unless it is widened," the report concludes.

Intersection

Further evaluation in the report states that a critical area is the intersection of Chapman Avenue and Bradford Avenue, since Bradford Avenue is the largest cross street of the affected area. The intersection must have, the report concludes, two lanes of traffic going either direction and two left turn lanes, to be practical and safe.

The report recommends the same pattern for the length of the widening path.

Concerning bike routes, the section of Chapman Avenue between Walnut Avenue and Kraemer Boulevard has been designated as an inter-city bike route on the Orange County primary bicycle path system. Bike lanes, the report explains, can possibly be included without acquiring additional right-of-way.

(Next week: the various alignments for widening and what they entail).

Esperanza Woes-- Now Good News

Neighbors of Esperanza High School delivered a mild shock to Trustees of the Placentia Unified School District at their most recent meeting.

A spokesman for residents living west of the school on Holbrook Street and Glenview Avenue in Anaheim, arose to thank the school board, the high school and the students for the way things are progressing this year.

Things were not always so pleasant.

Six months before, the neighbors had appeared, filled with misgivings, misapprehension and seeking immediate assistance.

Their streets had become congregating areas for Esperanza students before classes and at lunch. The Esperanza neighbors described students eating lunch on their lawns and leaving the litter behind.

Complaints were registered with the board over beer drinking, cigarette smoking, neighbors being blocked from entering and leaving their homes, threats of bodily harm against adults and young children, foul language, obscene gestures and acts.

An incident in which a front yard of one of the homes was severely damaged, led to closure of the school at the noon hour. This year, only seniors and working students at Esperanza are permitted to leave the campus at noon on the district's now approved Open Campus policy.

Neighbors are so pleased with what has happened since, they felt they should come to tell the board about it.

"We are extremely pleased with the outcome of the program which was initiated by Dr. (John) Parrish (Esperanza principal) and the rest of the staff," Bruce Hobbs, one on the homeowners reported.

"None of the neighbors has any complaints whatsoever in regard to the problems we had last year. And as important as the solution to our problem, is the line of communications which has developed between us and the staff at Esperanza. The line of Communication is tremendous. If anything would arise, we know we can go directly to the school and there will be a response," Hobbs added.

"The neighbors are probably a little more congnizant of the problems that the school faced, being a new school. Thanks go to the students too. We wanted to report back to the board and thank you for your help last year."

Another resident added: "The place is clean now. There is not the trash problem. I really appreciate your efforts."

Board members responded happily to the good news.

Integrity Stays On Agricultural Lands

A split city council has upheld the original request of property owners in the northern part of the city, to keep the integrity of their Residential Agricultural properties.

The area involved is roughly north of Imperial Highway and west of Rose Drive.

The properties, which were annexed into the city from Orange County, originally carried an RA (Residential Agricultural) tag. Neighboring acreage, however, became involved in a Planned Unit Development zoning dispute with the Fredricks Development Company of Anaheim, planning to build a high density, 25-units to the acre, development next door to the agricultural lands.

The Placentia City Council, however, denied permission for the high density apartments. Resolution of that controversy is now in the courts.

The latest council decision resulted from request of the property owners involved on the agricultural lands, that they be allowed to build a second house on their property...not permitted by the RA zoning.

A staff condition limited the second structure, that it not be permitted that it be rented, leased or sold, but could only be maintained for a family member. The property owners objected to this and Councilman Jack Gomez questioned its legality.

"It's their property. They can rent it, lease it, give it away, do anything they want with it," Gomez stated his opinion.

Councilman George De Jesus and Mayor Pro Tem Michael Callahan both objected to the property owners request first to maintain the RA zoning, then asking for the right to alter it.

Councilman De Jesus: "I think we might be missing the intent. When the applicants came before us to speak in terms of getting RA, I was of the opinion that what they were trying to do was protect the integrity of the neighborhood. They did not want to go to R1 (single family residential.)"

"This was the specific reason for having it RA. Now we're being asked to permit the building of additional buildings without necessarily protecting it. I realize that the R1 has more residences per acre...What we're being asked now, is to immediately make amendments to what they have requested. If we are to permit them to build additional buildings, where they can separately use them, we might as well go to the R1."

Mayor Pro Tem Callahan: "I don't want to see an aggregate of two single family swellings per minimum lot size at all. If you want to make it a rural area, let's make it a rural area. You want to change it to this and change it to that. No, I don't want to do that."

The council action deleted the second structure and was passed three to two with Councilman Robert Langer and Mayor Robert Lyons dissenting.

Council Keeps PUD Zoning Control

Overruling the city's planning commission, the Placentia City Council at a recent meeting, removed the optional aspect from the city's Planned Unit Development (PUD) zoning.

The previous ordinance had been subject to a variety of interpretations, leading in one instance to a legal fight over zoning on property which had received the PUD zoning from the council.

The PUD zone usually reduces the number of units allowed to the acre and developers might seek to escape it be insisting on developing to the base zone, or higher destiny, rather than PUD.

The latest council action removes that possibility.

Councilman Robert Langer agreed with the planning commission and believed the option should be left to the developer. Langer stated: "One thing I think we have always tried to stress is [illegible]ity is giving the developer s[illegible]lity in determining what is [illegible]or the community and I think th[illegible] is too restrictive."

Mayor Pro Tem Michael Callahan differed: "I feel the opposite way. I'd like to have the controls in the hands of al the people of Placentia and not necessarily in the hands of somebody who possibly lives in Cypress or Anaheim or Florida or someplace else, who might just happen to own some property in the city of Placentia. And who probably doesn't live here and wouldn't have to put up with any ramifications from it."

Mayor Robert Lyons added: "I was hoping that when this council makes the decision that some property will be developed PUD, that it will stay PUD and stay the lower density."

After a second motion, the resolution was passed with a 4 to 1 vote making the PUD zoning madatory when applied, with Councilman Langer dissenting.

Building Will Have New Face

A controversial two-story building design, which was denied by the Placentia Planning Commission but later approved by the Placentia City Council, apparently will be replaced by a more conventional structure.

Applicants, Yorba Vista Investments, Limited of Yorba Linda have sought and received approval for a different elevation of the building, to be built on an acre of ground on the northwest corner of Yorba Place and Linda Vista in a Placentia commercial office zone.

The building, which will fade the Buccola Townhomes on one side, will be two stories of offices with an under ground parking story and an additional story on top to hold mechanical equipment.

The building will house professional offices. The land involved is sloped and runs from 319 feet at the southeast corner of the acreage to 23 feet at one point along the west property line.

The newly proposed building will feature white plaster and natural cedar decking and a red tile roof. The petition for the structure was approved subject to conditions imposed by the planning staff.

Letters To The Editor

Reader Asks Questions

Editor:

After attending the Placentia City Council meeting December 16th there still remains some questions to be answered by the Councilmen concerning a transaction involving the purchase of some five acres at the incredible cost of $85,000 per/acre. The legal ad they run in the newspapers concerning this purchase left much to be desired in the way of clarification. Also, why sometime before the budgeting (10 months was mentioned) was the property zoning changed to commercial? This no doubt increased the value to the prospective sellers but, alas at a higher cost to the taxpayer.

Why did the one Councilman who voted against the purchase do so? As a realtor, he probably realized the purchase price was inflated. So likewise, Mr. and Mrs. Jack Scarpa, local realtors who questioned this whole transaction, no doubt are very knowledgeable in regards to local land values.

The taxpayers of Fullerton were almost ripped off except for the alert action of a citizens group that stopped a developer and a planning commissioner dead in their tracks.

Some of the Placentia Councilmen were indignant at the thought of anyone questioning their honesty or integrity. I say look around Orange County and perceive what takes place. Supervisors, Assessors and District Attorney are all under investigation. It could happen here in Placentia, too. More power to citizens such as the Scarpas who endeavor to keep Placentia free of any such problems by their search for the truth.

A recent National poll showed that elected officials were at or near the bottom of the Totem Pole in public ratings of confidence. A barrage of immature and frivolous comments by one Councilman, namely Mr. Callahan, gives evidence to this poll. The Mayor was required to gavel Mr. Callahan to silence during the discussion. I only wish that many more citizens of Placentia could have witnessed it.

Come next spring I hope to see some new faces on the City Council. We could use more forthright leadership there.

Paul Hafner,
Placentia

A PRE-VACATION TREAT--for youngsters at Brookhaven Elementary School was a special puppet show of the famed Gian-Carol Menotti opera "Amahl and the Night Visitors," presented by students from Cypress College. The opera, written for television, was inspired by a painting at the Metropolitan Museum of Art in New York City and draws from the composer's boyhood in Italy, where there is no Santa Claus, but presents, at Christmas time, are delivered by the Three Kings. Puppets used in the presentation are special rod puppets, so intricate that some can only be operated by two puppeteers.

Enumerators Needed

A temporary census enumerator's job is ideal for housewives, unemployed persons, students, senior citizens, or anyone else who can spare six hours a day, six days a week between January 13 and January 31, 1976, the Placentia planning department advised this week.

The required six hours may be scheduled anytime between 8 a.m. and 10 p.m. The time may even be split between morning, afternoon and evening - any combination adding up to six hours is acceptable.

Applications are available at Placentia Civic Center, 401 E. Chapman Avenue, Placentia. For any information, call the Personnel Department 993-8141.

An additional 30 enumerators are needed, the department reports.

CHRISTMAS MUSIC--was provided by Mrs. Evelyn Swanson's third grade class at Sierra Vista Elementary School for the recent Christmas Party at the school. In the picture are [back row, left to right], Regina Flores, Wendy Dilger, Lee Ann Baker, Susan Sweet and Colleen Crowley. Front row: Jimmy Houllis, Terry Cook, Doris Endo, Tommy Moran, Kelly Naito, David O'Brien and Christi Clawson.

Jana Brown To Work In Mission

Flowing blonde hair, a flashing bright smile and an excited twinkle in her eye, that's Jana Brown. Ideal typecasting for a Swiss milkmaid maybe? But she's no milkmaid. She's a short-term volunteer with a long-term purpose.

Excitement bubbles on her face as Jana Brown, 19, talks about her plans for short-term missionary service. A member of Rose Drive Friends Church in Yorba Linda, Jana boards the plane Wednesday, January 7, for Guatemala, Central America.

She will interrupt her sophomore year at Point Loma College in San Diego for 12 months as a secretary and Christian bookstore clerk in the little town of Chiquimula.

To American tourists Guatemala suggests exotic Indian ruins, bartering in open markets, fiesta dancers, towering volcanos, and water not fit to drink. But to Jana it's a place for much-needed volunteer service.

She pictures over-worked missionaries who need an efficient secretary. She imagines a Christian bookstore that gives a new perspective on old problems. She dreams of eager young people who want an enthusiastic choir director.

Jana, a 1973 Valencia high school graduate, likes to tell how it all came about. "A lot of my friends from high school will be surprised," she asserts. They hardly remember her as a likely candidate for missionary service.

"Missions was always a far-off thing for me--real impersonal," she admits, "but as I get closer it becomes real."

A turning point for Jana happened at the Friends summer church camp just before her senior year in high school. At that time she renewed a childhood commitement to Christ and began to get serious about her faith.

She confides that it took some time before her lifestyle matched her new convictions. But her commitment deepened, and with it came an inner yearning to serve in another country.

Last summer she applied to several missionary sending agencies. She discovered most of them wanted a minimum of two years service. With plans to resume college and work toward a teaching credential, Jana felt she should commit just one year.

Then the phone rang. The call from the California Friends Church Headquarters in Whittier revealed the missionaries of her own denomination wanted her services. Lack of finances presented the only barrier.

Hearing of the opportunity, her own congregation in Yorba Linda, Rose Drive Friends Church, offered to pay her transportation and support for the year.

Jana Brown accepted with gratitude and enthusiasm. Today she's packing her bags for a year of service abroad.

JANA BROWN, a member of Rose Drive Friends Church, points out the Republic of Guatemala to Charles Mylander, Associate Pastor. She will represent the church there for one year as a missionary volunteer.

Winter Rec. Program

The Winter Program of the Yorba Linda Recreation Department begins in January. Interested persons may wish to clip the following listing.

Beginning Ballet-Sat., Jan. 10. $8/8 wks. Girls 3-10 yrs.

Details as to time, place, types of activities and class size may be obtained by calling 524-5020. Registration is now taking place at Yorba Linda City Hall Monday through Friday, 8 a.m. to 5 p.m. except on holidays.

Novel Class For Handicapped

A study on the possible employment of handicapped persons as medical transcriptionists has resulted in the development of a new adult education program.

The class is open to all students, not just the handicapped, and it includes training for other medical clerical jobs. It will be at Cypress College.

The class is being offered from 1 to 4 p.m. Monday through Friday, beginning Jan. 5, under the title, Medical Transcribing and Medical Clerical Program.

Students can register at the campus adult education office. If they do not type 30 words per minute, they are to register for concurrent enrollment in a typing class.

Additional information can be obtained from the adult education office on the Cypress College campus, 995-2238, or from adult education administrative offices in Anaheim, 200 N. West St., 635-8560, and in Fullerton, 1000 N. Lemon St., 870-4990, Ext. 27.

Leaders of MOD Told

"The 1976 March of Dimes campaign against birth defects will begin New Years Day and will continue through January 31," announced Arthur R. McKenzie, Chairman for the Orange County Chapter of The National Foundation-March of Dimes.

"This New Year gives us a special opportunity," says McKenzie, "not only to celebrate our country's 200th birthday, but to insure a happy birthday for generations of children to come."

Contribution's to the voluntary agency go to prevention, treatment and cure of birth defects, the nation's number one child health problem.

"In order to carry out a full-swing drive against birth defects," he explained, "we have appointed prominent men and women from Orange County to serve as City Campaign Chairmen in their respective cities."

Serving in these positions in their local communities are: Placentia-Ed Powell, chairman; Edwin Unger, treasurer and in Yorba Linda-Carolyn Ewing, chairman; Audry Smith, treasurer.

Group Sponsors Workshop

Valencia Chapter, NSA, announces it will present an Educational Symposium, in conjunction with Robert Himes and Robert Joyce of Innovative Management, on Saturday, January 17, from 8 a.m. to 3 p.m. at the Holiday Inn, 222 W. Houston Avenue, Fullerton (Riverside Freeway at Harbor Blvd.).

A Luncheon and Fashion Show are included in the cost of $15. For full time students cost is $10. Fashions coordinator is Marcia Yust, formerly with the Apropos Show for 14 years. A demonstration of how to make one outfit into many through variations in accessories will interest today's total woman. Works of local artists will be on display during the lunch break for added enjoyment.

Robert Himes is a nationally known educator and consultant in the fields of management and management development. He is Associate Professor of Management at Cerritos College. Robert Joyce has successfully combined a background in administration and a career of teaching and writing in the behavorial sciences. He is a national recognized lecturer in management and is the author of the popular college textbook, Encounters in Organizational Behavior and The Dartnell Joyce Innovative Course for Training.

Reservations deadline date is January 10, 1976. For further information Area Code 213 residents may call Mrs. Betty Wisley, CPS, at Fluor Engineers and Constructors, Los Angeles. Area Code 714 residents may call Mrs. Marjorie Regan at Trent Tube Division of Colt Industries in Fullerton.

Happy New Year

Commission Likes PUD Plan

The Placentia Planning Commission recently unanimously approved a development of estimated $45,000 each condominiums, to be built near to $90,000 to $125,000 horse country homes in Yorba Linda.

The move was protested by the city of Yorba Linda through planning director Phillip Paxton. Paxton stated the objections concerned the problems of traffic circulation in the area and that a better buffer should be provided between the two incompatible zones.

Planning Commissioners in voting in favor of the development, pointed out the low density, under six units per acre, well below the maximum allowed and the attractiveness of the plans and design.

The 37 unit condominium will be located on the southeast corner of Highland and Mariposa Avenues. It is the development of H.C. Tan, an Anaheim architect.

Paxton stated the city of Yorba Linda's concern dwelled with the number of horses kept at homes in the area and that they are permitted on streets in the section.

"This is not the way to approach a sensitive area like this," Paxton stated.

The condominiums will separate the country homes from a commercial section planned in the city of Placentia, it was pointed out. The townhouses will all be two-story with either two or three bedrooms and two car garages. Square footage for the units runs roughly from 1,600 square feet to 1,750.

The development is in an area which the city of Placentia tried at one time to exchange with the city of Yorba Linda for an area further north, to better round off the boundaries.

Bucket Seat Study

Traffic accidents caused by the collapse of bucket seats in cars will be the subject of a special three month study by the California Highway Patrol to help determine the possible need for a consumer protection safety callback of certain passenger vehicles.

Commissioner Glen Craig said the CHP received a formal request from the U.S. Department of Justice for data concerning accidents caused by this specific mechanical defect.

He said that according to federal authorities there have been accidents as the result of bucket seat pivot pins breaking. The pin failure causes the seat to collapse or fall back sharply, resulting in the driver's loss of control.

Craig said the special study will be made because the Highway Patrol does not have the requested information in its accident records.

Fire Causes Loss

Grease in a pan, catching fire on a stove top, was thought to be the cause of $15,000 in damages to a mobile home in the Del Cerro Mobile Estates, in the morning two days before Christmas.

Owner of the home is Clara Lee.

It took 18 men from two Orange County engine companies, the aerial truck and the paramedic unit 18 minutes to bring the blaze under control. Main destruction was in the kitchen area with smoke damage throughout the entire home.

An estimate of damages to the home is $10,000 and $5,000 to the contents. The Mobile home estates are located at Rose Drive and Orangethorpe Avenue in Placentia.

Aliens To Register

Joseph Sureck, district director of the United States Immigration and Naturalization Service, estimated today that more than 650,000 aliens residing in Southern California will report their addresses during January 1976 under the Alien Address Report Program.

Mr. Sureck said that noncitizens are required to file the Special Address Report Card, Form I-53, each January.

In addition, aliens who are temporarily out of the United States during January must report their addresses to the Service within ten days after their return.

The District Director said that Address Report Cards will be available at any Immigration Office, and at all local United States Post Offices beginning January 2, 1976.

Lectures On Cancer

Placentia-Linda Hospital, 1301 Rose Drive, Placentia, in cooperation with the American Cancer Society's Orange County Unit, will sponsor a six lecture series on cancer for nursing personnel.

According to Helen Mullicane, R.N., the hospital's inservice director and coordinator of the series, the lectures will be held at 7 p.m. on the second Tuesday of six consecutive months.

The first lecture will be on January 13 on the subject of breast cancer with Stanley Roberts, M.D. Other lectures will be on February 10, March 9, April 13, May 11 and June 8.

Subjects, in order, will be: colon and rectal cancer, cancer in children, uterine cancer, lung cancer and the psychiatrist's view.

Woman's Club

Mrs. Leo Brough and Mrs. Gerald Stack will represent the Yorba Linda Woman's Club at the January 9 council meeting of the Orange District, California Federation of Women's Clubs. The meeting will be held at the Santa Ana Elks Club.

YOUR Pharmacist SPEAKS

By John Payne, Owner - Reg. Pharmacist

Over the next few years you will probably be hearing a lot about prostaglandins, a kind of chemical "messenger" which regulate basic cellular activities within our bodies.

Although discovered in the late 1930's, the importance of prostaglandins is just now being recognized. Present in almost every cell of the body, they are involved in controlling many physiological functions. Research is being conducted to learn to control the prostagladins and thus the functions of the various organs that they in turn regulate. Asthma, ulcers, blood pressure and fertility are a few of the areas being studied.

When medical advances bring new, better medications, we'll have them in stock awaiting your doctor's prescription.

HANDY HINT: Chewing gum comes out of hair if rubbed with peanut butter, then washed.

Linda Vista PHARMACY Phone 1041 East Yorba Linda Blvd

Freedom Train In Anaheim Jan.10-13

In 1947, the lines were four or five abreast and 15 blocks in length as Americans waited to walk through three exhibit cars on the first Freedom Train. That was nearly 20 years ago, and although the basic concepts may not have changed, the Freedom Train has.

When the red, white, and blue 25-car train pulls into a siding at Anaheim Stadium, Modern technology and "tourism experience" will take over.

Ten exhibit cars will be linked by a unique moving walkway that will carry 1,200 persons per hour through an exciting array of American history.

Two other cars will host special displays and the entire grounds will be filled with booths, exhibits and be joined by continuous entertainment, from strolling troubadours to big bands.

The train will be open for viewing from 8 a.m. to 10 p.m. January 10-13 after arriving the evening of January 9. Children under 3 will be admitted free.

Admission is $1 for children and senior citizens and $2 for the general public. Tickets now are on sale at the Anaheim Convention Center, Anaheim Stadium and Vons Markets.

The walkway takes visitors through each of the 10 exhibit cars, starting with the Revolution and continuing through exploration, culture, technological progress, labor and professions, sports, the arts and "crisis."

Mannequins talk and move, music plays and narrators "walk" with the visitor as the static displays of the past are augmented by imagination and modern entertainment techniques.

Scores of county entertainment groups have volunteered to put on shows during the Freedom Train Festival and are being assigned shifts by Patsy Ray of the Anaheim Park and Recreation Department.

Included among the nation's historic treasures on the Freedom Train are a facsimile of the Declaration of Independence, Benjamin Franklin's draft of the Articles of Confederation and George Washington's copy of the Constitution.

"It is bringing the Bicentennial to the people who would otherwise have had to travel to more than 200 museums, libraries, universities and private collections in 36 states and Puerto Rico," said Joseph Wade, chairman of the Anaheim Bicentennial Celebration of which the Freedom Train is just one project.

Among the exhibits are items from nearly every phase of American life, ranging from the saddle bags of Dr. Fiske, who accompanied Paul Revere on his famous ride, to a moon rock and a lunar rover.

The Freedom Trail is a free enterprise national Bicentennial project that initially was made possible by the financial support of General Motors Corporation, Kraft Foods, Pepsi-Cola Company and Prudential Insurance Company.

SANTA'S WORKSHOP--At Wagner Elementary School was the scene of a great deal of activity last week as last minute shoppers carefully purchased gifts made by Wagner PTA members. The young shoppers did their buying very carefully and were delighted when they found just the right gift for a brother or other relative. Mrs. Sandy Rytych, second vice president of Wagner PTA assists the pensive shoppers.

DECISIONS, DECISIONS--Young Jeffrey Randall, thoughtfully surveys the merchandise before making his selections.

HORSE TALES

by JOAN JOHNSON

Here we go with Part Three of the horsemanship articles contributed by Charis Nagel.

THE AIDS: Your voice, hands, legs and weight are the basic aids used in controlling your horse. Your horse must be trained to respond to these aids.

The aids must be applied in a very definite manner in the early stages of training, but as you progress, you will find your horse responding to lighter application of the aids.

As you progress with your schooling, your horse will eventually respond to very light application of the aids until they become what is called imperceptible aids.

Specific aids for the different movements of your horse will be discussed under the section on gaits and movements, but the following descriptions give you an indication of how the different aids affect your horse.

VOICE: Your voice is a very important aid when working your horse. Certain words such as "whoa", "easy", and "back" are readily understood by a horse.

Many show horses have learned the words "walk", "trot" and "canter" from hearing them when being lunged and when used repeatedly when being schooled.

Some riders do not use complete words but developed voice sounds like "hup" to mean something to their horses. Many show ring judges do not like to hear voice commands, so use them very softly when showing.

Better yet, try not to use them when showing and learn to reply on your silent aids.

Be consistent. Use the same aids each time and repeat them often. This is the secret to your horse learning what you mean.

Your tone of voice means as much to your horse as actual words do. The tone of your voice indicates irritation, displeasure or pleasure. Learn to always use a low, soft voice when working around your horse. Screaming and yelling will only frighten it.

(Note from Joan regarding voice commands. Some horses that are shown regularly will sometimes start to respond, on their own, to the announcer's voice calling for a change of gait.

Since the gait changes almost always folllow the same sequence in the show ring, it doesn't take long for a horse to start anticipating in the ring.

Sometimes just the click of the mike switch will cause a horse to break gait. This means that the rider must always be on the alert for this and don't let the horse outguess you.)

Piano Recital

The piano students of Dorothy Foster recently gave a Christmas program for the enjoyment of their family and friends. The program, held in Mrs. Foster's Yorba Linda home, included Christmas carols, recital piano pieces, and featured Haydn's "Toy Symphony", arranged for piano, clarinet, violin, flute, and toy instruments.

Participating in the program were Susan Bartley, Debbie Brewer, Carol Foster, William Foster, Keri Hansen, Sherri Terling, Pam Terling, Cheryl Okamura, Pearl Okamura of Yorba Linda, and Dave Lawrence of Tustin.

Dr. Messenger Completes Special Study

Dr. David L. Messenger from the Placentia area has completed continuing education requirements to retain active membership in the American Academy of Family Physicians, the national association of family doctors. The Academy formerly was called the American Academy of General Practice.

The requirements call for members to complete a minimum of 150 hours of accredited continuing medical study every three years. Members become eligible for re-election at the end of the third year following their election to membership. The Academy, the country's second largest national medical association, is the only national medical group that requires members to keep up with medical progress through continuing education.

HAVE YOUR CHRISTMAS AND NEW YEARS PHOTOS PROCESSED AT TRADER JOE'S

Most stores charge 19c to 32c for prints from Kodacolor film such as CX 126, 127, 120, 620 and 135.

Trader Joe's however, charges only 15c per print--and only 89c for processing a 12 exposure roll. Reprints are only 17c per print. In addition to these EVERYDAY low prices, you get the "professional look" of SILK FINISH PRINTS.

For another bonus, you pay for only GOOD pictures--for example, if only one picture came out on a 12 exposure roll, you'd pay only 89c for processing the roll, plus 15c for the one good print.

No coupons or other gimmicks. (The above prices do not apply on CX 110 film.)

We accept BankAmericard and Master Charge for your convenience.

TRADER JOE'S

Open daily from 7 a.m. until midnight

Traffic Light Delayed

From information received through the City of Anaheim, the lead agency, and the Southern California Edison Company, the traffic at Lakeview and Orangethorpe Avenues will be in operation at the end of January, 1976, Ben Minamide, Acting Director of Community Development for the city of Placentia, said this week.

The delay has been caused by the lack of vertical clearance between a traffic signal pole and overhead 12,000 volt Edison power lines above. The pole has been shortened so that the required 6 foot clearance is maintained in the after condition.

Due to encroachment into the required clearance area, per CAL-OSHA requirements, the Edison Company must first construct bypass power lines so that the existing 12,000-volt lines can be de-energized for safety reasons during construction. An Edison Company spokesman has stated that it will be approximately four weeks before this work can be accomplished.

Obedience Class Set For Dogs

The Placentia Recreation Department is sponsoring a Dog Obedience class.

The class will be held on Tuesday evenings from 7 p.m. to 8 p.m. in Kraemer Park. The fee for the class is $18 for 10 weeks. The class will begin on Tuesday, January 6, 1976.

Dogs must be at least 6 months of age and have up-to-date rabies shots. The handler must be 12 years old or older.

For further questions and information, please call 993-8232.

Seat belts won't prevent accidents but they can prevent injuries and death.

"FBC SINGERS"--A sacred music concert will be presented at Rose Drive Friends Church, Yorba Linda on Sunday, Jan. 4 at 6 p.m. by this group of vocalists and musicians known as the Friends Bible College Singers. They are from Haviland, Kansas.

Singing Group At Friends

The "Friends Bible College Singers" from Haviland, Kansas will present a sacred music concert January 4, at 6 p.m. in the Rose Drive Friends Church, 4221 Rose Drive, Yorba Linda.

According to C.W. Perry, Pastor of Rose Drive Friends Church, the concert will include new arrangements of old hymns, contemporary numbers and various solo numbers. In addition, the "FBC Singers" this year are utilizing a live back-up group consisting of piano, bass and drums.

Chuck Mylander, associate pastor of Rose Drive Friends Church, said "I heard the Friends Bible College Singers last August in Newberg, Oregon and enjoyed their music immensely. We are looking forward to their appearance with us."

This concert is part of a 24 day tour from California to Texas, including a special appearance by the 'Singers' at Youthquake '75 in the Los Angeles area.

United Methodist

The interesting class with the title of "Who Am I Now That I Am Alone?" will get underway at United Methodist Church, 19002 Yorba Linda Blvd., Yorba Linda, on January 7.

The class is for singles who are along through divorce, separation or death. There is a $10 registration fee, plus $2 for a workbook.

Interested persons should call the church office at 528-7066 to register.

The Methodist Men's Breakfast will be held on Saturday, Jan. 10 at 7:30 a.m. The speaker will be DeWitt Lyon.

Lyon is a former North American project engineer and a Fullerton High School graduate who will share some of the experiences that he and his wife have had the last 16 years in the mission field in Japan.

A Communion and Worship Service will be held at 8 p.m. tonight (Wednesday). Rev. Robert Morley will lead this New Year's Eve service.

THE NEW PASTOR--for St. Stephens Lutheran Church in Fullerton, is Rev. Paul E. Cooper, formerly serving a pastorate in Nebraska. He will be installed at the local church on January 11. Also pictured are Mrs. Darlene Cooper and their two children, Carmen, 3 and Chris, 8.

Rev. Cooper Is New Pastor

A.L. Merriam, Chairman of St. Stephen's Lutheran Church, 2311 E. Chapman Avenue, Fullerton, has announced that the Rev. Paul E. Cooper of Wymore, Nebraska, will be officially installed as the pastor of the congregation at a special service January 11th, at 3 p.m.

This service will be conducted by Rev. Robert Thoelke of Messiah Lutheran Church, Buena Park. The sermon will be delivered by Rev. Clarence Kindschy, of Fontana, a long-time personal friend of Pastor Cooper's. A number of pastors from other Missouri Synod Lutheran Churches in Orange County have been invited to participate in the Rite of Installation. Special music of praise will be offered by the church organist, Neola Merriam, and by the adult choir under the direction of Lorraine Westphal.

A light lunch will be held following the service to honor Pastor Cooper, his wife, and two children. The luncheon is being planned and served by the Lutheran Women's Missionary League, under the leadership of the League's newly installed president, Edith Horsch.

Holiday Reminder

Motorist's Prayer

Lord, impress upon me the great responsibility that is mine when I take the wheel of my automobile. As I need thy guidance in all things, so now especially when I have life and death in my hands.

Give me always a deep reverence for and a desire to protect human life. When I would be careless, remind me of the homes where there is sorrow and loneliness, or of hospitals where broken, suffering bodies lie in anguish---because someone forgot. Write indelibly upon my conscience the fact that each time I take the wheel of my car, I am a potential murderer -- that in the matter of a few careless moments, I could be face to face with dire tragedy, for my own family as well as for others.

Give me grace to practice the Christian virtues of patience and thoughtfulness at all times. Help me to show the same courtesy and kindness to other motorists that I want and expect from them.

When others exceed the speed limit or otherwise break the law, let me not be tempted to do the same. Forgive my stupidity if ever I think it is perfectly permissible to violate traffic laws, so long as I do not get caught. Remind me often that I am responsible to Thee as well as to the state to obey the ordinances of the highway; and when I do not, I sin against Thee as well as against my fellow men, even though no one else may be watching and no accident may result.

Lord, grant me control of my car -- and myself -- at all times. Help me to live lawfully and peaceably, to save life and not destroy it, and so by my example, lead others to do the same. AMEN.

Better Water System Aids New Fire Rates

Most homeowners and business establishments in the area served by the Yorba Linda County Water District will enjoy reduced fire insurance rates next year.

Water district general manager Ralph Shook said he has been informed by the Insurance Services Offices (ISO) that fire defense systems served by the district's water system have shown improvement in protection classification from 6 to 4.

"Much of this improvement can be attributed to the adequacy and reliability of water supply for fire protection," said Carl Downs, county fire warden, in notifying Shook of the ISO survey results.

"The results of this survey show that you have improved the fire protection features of your water system over and above the growth experienced since 1967, the time of the last official survey," Downs added.

Said Shook, "this will mean lower fire insurance rates for residents and businesses in our service area."

Shook added that the new fire insurance rates will vary from residence to residence and business to business. Persons living in the Yorba Linda area should contact their insurance agents to determine what their savings in premiums will be.

The ISO fire protection survey included tests in such areas as adequacy and reliability of the district's water supply, hydrant pressure and capactiy, number of hydrants and their location.

Give Blood Jan. 5 In Fullerton

American Red Cross, Orange County Chapter will sponsor a bloodmobile at the North County Service Center in Hillcrest Park, 1207 North Lemon, Fullerton on Monday, January 5, 2:30-7 p.m.

Blood donations are especially needed after the Christmas season because there is usually a slump in blood donations during the holidays.

"The accident rate goes up but people usually are too busy to donate blood," according to Mrs. Percy (Elda) Walker, coordinator of the event.

Assisting on the bloodmobile will be Mmes. Don Tarlton, coordinator of the Red Cross North County Service Center; Don Wonders, Fullerton; Robert Helander, Placentia; Dorothy Holkesvick, Fullerton; Elmer Emig, Fullerton and Leon Hildebrandt, Fullerton.

Anyone in good health between the ages of 17-65 and weighing at least 110 pounds can call the Red Cross for an appointment at 871-3934 or the Red Cross Blood Center, 601 N. Golden Circle Dr., Santa Ana, 835-5381.

Seventeen-year-olds will need parental consent forms which can be obtained through the Red Cross North County Service Center or the Blood Center in Santa Ana. 835-5381.

Tynes Home After Visit

Mr. and Mrs. John Tynes have returned home to Placentia after a visit with their son and his family in Langley, British Columbia in Canada.

Mrs. Tynes reported the weather was beautiful with eight inches of snow, sunny days with crisp, cold weather below the freezing mark.

Their son, Bud Tynes, a graduate of Valencia High School, and his family, have lived in the Canadian area for the past six years. Tynes is in the construction industry, developing and building homes, his mother reports.

The senior Tynes were delayed somewhat by the airline strike. "We just played it by air," Mrs. Clairee Tynes quipped.

The Bud Tynes family includes Mrs. Lyn Tynes and the Tynes' two children, Nat, 13 and Nate, 9.

BANNER YEAR

A Bicentennial Banner embroidered by Wagner Elementary School sixth graders will be the backdrop for assemblies this year, reports teacher Judy Behle.

Mrs. Backs Will Receive Award

Mrs. Angeline Backs and her late husband, Edward Backs, have been selected to receive a Volunteer Award from District Ten of the California Parks and Recreation Society, Inc. it was revealed this week.

The honor will be bestowed at an awards and installation banquet of the group scheduled for Wednesday, January 28, 1976 at the LeBaron Hotel in Buena Park, near Knotts Berry Farm.

WAITING TO TALK TO SANTA--is suddenly a whole year away now. But not in the memories of these youngsters from Sierra Vista Elementary School who were able to talk to him a short time ago. In the picture above, Ted Herbert Carson receives something very special from the Jolly Gent as other Santa fans wait their turn. Steven Causley, Yvette Reta and Danelle McConnell wait eagerly in the picture on the right. Each youngster received a present at the school parties.

Photo by Gary Ambrose

THAT LAST MINUTE CHRISTMAS SHOPPING--was avoided by these young shoppers at Ruby Drive Elementary School, who took advantage of the school PTA's Christmas Boutique. The service offers students a chance to buy inexpensive handmade gifts, especially if they do not have other opportunity to shop for family members. Proceeds go back into PTA school aid. Shoppers here are Brian Dean, Barbara Young, Kim Hecht and Jon Larum. They are students in Mrs. Lynda Stoner's class.

Calhoun Returns

Navy Sonar Technician Second Class Michael L. Calhoun, son of Mr. and Mrs. Robert L. Boydstun of 4772 Santa Fe St., Yorba Linda, has recently returned from a Northern Atlantic deployment aboard the nuclear-powered guided missile cruiser USS California, homeported at Norfolk, Va.

During the cruise, he and his shipmates participated in several training exercises and visited England, Germany, Norway and The Netherlands.

A former student of Troy High School, Fullerton, he joined the Navy in September 1971.

Winifred Bacon Dies

Memorial Services for Mrs. Winifred Bacon, the first administrator of Hoag Memorial Hospital Presbyterian, were held Tuesday, December 23 at St. Andrews Church, Newport Beach.

Mrs. Bacon, who is survived by her daughter and son-in-law, Mr. and Mrs. F.K. Gleason of Placentia and their three children, Lyn, Beth and Gary, died unexpectedly of a heart attack in the hospital's Emergency Care Unit.

Mrs. Bacon worked with her husband Robert L. Bacon in the administration of Pomona Valley Hospital for 13 years prior to his appointment as planning consultant and first administrator of Hoag Hospital. Following his sudden death in 1951, Mrs. Bacon was asked to continue her husband's work and became the hospital's first administrator when it opened in September, 1952.

She served in the chief executive post until her retirement in 1967.

Rose Bowl Traffic on Route 210

Two westbound lanes of the nearly completed Foothill Freeway (Interstate 210) across Pasadena will briefly open to traffic on New Year's Day morning to accommodate drivers attending the Rose Bowl game, Caltrans announced today.

No eastbound lanes will be open that day. This temporary westbound opening is primarily for the convenience of motorists coming to Pasadena from the south and east.

From 11 a.m. to 2 p.m. cars entering Pasadena from the east on the Foothill Freeway will be able to continue on that freeway all the way to the Mountain Avenue offramp near the Rose Bowl, using a five-mile stretch of paved but still uncompleted freeway.

That will be the only access. No vehicles will be able to enter or leave the uncompleted portion of the freeway in Pasadena.

Once on the special segment, traffic will be guided to the Mountain Avenue offramp, a half mile east of the Bowl, then proceed as directed along Seco Street to Bowl parking areas.

Artist Of Month

Harold Burton of Yorba Linda is featured as artist of the month at Yorba Linda library, during December.

Large paintings of Oriental influence are the result of time spent in Japan while with the Marine Corps. Burton became fascinated with this type of painting, and upon returning home began experimenting with his own designs and his work is most unusual.

The library art exhibits are a project of the Yorba Linda Woman's Club. Anyone interested in showing may contact Mrs. B.V. Kemp 528-7659 or Mrs. Roy Knight, 528-7401.

Community Oil Focus

As much as a third of all the proven oil reserves in California, more than a billion barrels, lies in urban areas and not every urbanite necessarily thinks that's a very good idea.

On the other hand, some do. And therein is one problem and two points of view.

Now the California Division of Oil and Gas is going to look into the matter of oil and the urban dweller for the Federal Energy Administration and try to determine if both sides can get together. This could have an impact on both Yorba Linda and Placentia who have many oil wells.

According to Harold Berthoff, chief of the division, most of the problem stems from increasing urbanization, more intensive land use, and differences about what should be done with remaining land and the oil beneath it.

"What we are going to do," says Berthoff, "is to try to reconcile the goals and programs of the urban community with those of an industry that provides cities with the energy they must have to survive.

"In California this is vitally important because oil and gas provides more than 90 percent of our total energy needs."

Berthoff also says that some city and county governments have levied special taxes on petroleum production and some have passed restrictive zoning ordinances to discourage development.

When the study is completed, the division will hold a conference to discuss its findings and recommendations with representatvies of the oil and gas industry, government, environmental organizations, and business.

Wednesday Services For Mrs. Pokorny

Funeral Mass for Mrs. Gertrude A. Pokorny, Placentia resident, who died Sunday at Cerritos Hospital, will be held Wednesday at 9 a.m. at St. Josephs Catholic Church, Placentia.

A Rosary service was held Tuesday night at Neel's Brea Mortuary.

Mrs. Pokorny, who was born June 7, 1898 in Brooklyn, New York, is survived by daughters Mrs. Madelaine Mueller of Placentia and Mrs. Irma Masvidal, Sedona, Arizona; a brother, Frank Brennett of New York, five grandchildren and five great grandchildren.

Interment will be at Holy Sepulcher Cemetery in Orange.

The La Jolla Neighborhood Gathers For A Jamaica

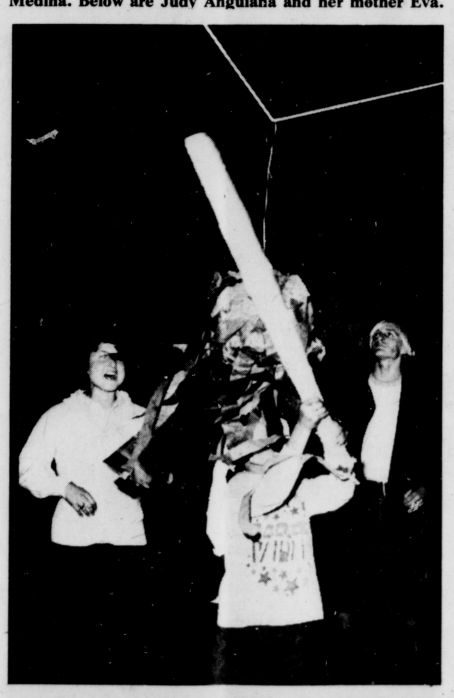
THE FIRST CHRISTMAS JAMAICA--was held recently at the Chester Whitten Community Center in the La Jolla neighborhood. The activities had to move under cover after rain started to fall, but no one's spirits were dampened. Brightly decorated ornaments hang from the trees in front of the building in the picture above. There was food, entertainment, games, pinatas and even a visit from Santa.

SANTA TALK--is very serious business for the young petitioners who shyly list what they would like to find under their Christmas Trees. In the picture at the left, the young visitor is Jessie Lopez. In the picture on the right, Judy Anguiana.

Photos By Jane Caswell

GAMES--drew a lot of attention from the Jamaica visitors, with everybody's eyes on the numbers [picture, lower left]. Here Joey Lopez and John Castro watch the wheel spin. In the picture lower right, two members of the Valencia Youth Athletic Association teams, joined the fun after their Saturday games. Watching the action are Rudy Aguirre, Ramon Romo and Denise Romo.

BRIGHTLY COLORED PINATAS--swoop down from the roof of the Chester Whitten Community Center, to eager youngsters waiting below for a chance to swing, blindfolded, at the brightly colored ornaments. Damp weather made the operation a little difficult. Pinata engineers on the rooftop are John Solorio and Mike Medina. Below are Judy Anguiana and her mother Eva.



A HEFTY SWING--misses the target completely but David Sandobas kept diligently on until the pinata fell to the ground, split open, with the wrapped candies pouring out. Youngsters, waiting, scrambled then for the treats. Watching are Lynda Dutton and John Watson.

NOTICE OF TRUSTEE'S SALE
T.D.F. No. 675-75
Re: Keeling
STA-3675

Trust Deed Center, Inc., as duly appointed Trustee under the following described deed of trust WILL SELL AT PUBLIC AUCTION TO THE HIGHEST BIDDER FOR CASH (payable at time of sale in lawful money of the United States) all right, title and interest conveyed to and now held by it under said Deed of Trust in the property hereinafter described:

TRUSTOR: Arthur H. Keeling and Harriett B. Keeling, husband and wife as joint tenants

BENEFICIARY: Miles H. Tuft, a married man as his sole and separate property

Recorded August 15, 1972 as instr. No. 15255 in book 10275 page 29 of Official Records in the office of the Recorder of Orange County; said deed of trust describes the following property:

Lot 39 of Tract 5377, in the City of Placentia, as per map recorded in book 196 pages 45 to 47 inclusive, Miscellaneous Maps, in the office of the county recorder.

MAY BE ALSO KNOWN AS: 2137 Pound Drive Placentia, California.

"(If a street address or common designation is shown above, no warranty is given as to its completeness or correctness)."

The beneficiary under said Deed of Trust, by reason of a breach or default in the obligations secured thereby, heretofore executed and delivered to the undersigned a written Declaration of Default and Demand for Sale, and written notice of breach and of election to cause the undersigned to sell said property to satisfy said obligations, and thereafter the undersigned caused said notice of breach and of election to be Recorded September 11, 1975 as instr. No. 10415 in book 11508 page 359, of said Official Records.

Said sale will be made, but without covenant or warranty, express or implied, regarding title, possession, or encumbrances to pay the remaining principal sum of the note(s) secured by said Deed of Trust, with interest as in said note provided, advances, if any, under the terms of said Deed of Trust, fees, charges and expenses of the Trustee and of the trusts created by said Deed of Trust.

Said sale will be held on Thursday, January 15, 1976, at 11:00 A.M., at the front entrance to the office of Commonwealth Land Title Company, 1220 North Broadway Santa Ana, California

Date: December 12, 1975

NOTICE

NOTICE is hereby given that Southern California Water Company has applied to the Public Utilities Commission of the State of California for authority to increase water rates in its Orange County District by 20.1%. In addition, it has also requested step increases averaging 2.8% in each of the test years 1976, 1977, 1978 and 1979. The Application makes no provision for rates to cover future increases or decreases in the rates of expense for purchased water, pump tax, energy, labor, postage, payroll tax, property tax or income tax but requests that changes in these costs in effect at the time of a Commission Decision be included in the rates authorized. The Orange County District serves approximately 31,600 customers in portions of the cities of Cypress, Garden Grove, La Palma, Los Alamitos, Placentia, Santa Ana, Seal Beach, Stanton and Yorba Linda and adjacent unincorporated territory in the County of Orange.

A copy of the Application will be furnished upon request to the State, any County or municipal corporation interested in this matter. Such requests should be addressed to the Rate and Valuation Department at the Company's General Office, 3625 West Sixth Street, Los Angeles, California 90020.

A copy of the Application may be examined at the offices of the California Public Utilities Commission in San Francisco and Los Angeles. Copies are also available in the Orange County offices of the Applicant located at 10852 South Cherry Street, Los Alamitos and 130 North Bradford Avenue, Placentia, and at the Company's General Office at 3625 West Sixth Street, Los Angeles, California.

Weed Protests

Two complaints concerning charges for weed abatement on local properties were brought before the Placentia City Council who voted to deny both claims.

Mrs. Lucile G. Wallace stated she believed the charge of $76.50 to be too high. Mrs. Wallace owns property in Atwood.

The second complaint was filed by Irwin C. Chapman, who said he thought that the Chapman properties in Placentia had all been disced and the weeds removed. Charges, however, were levied against the triangle between Angelina Drive and Kraemer Boulevard, just south of Madison.

The city council denied the claim but asked that less obscure billing be obtained from the contractor on exactly what kind of work had been performed on the property.

NOTICE OF PUBLIC HEARING

NOTICE IS HEREBY GIVEN THAT THE PLACENTIA PLANNING COMMISSION WILL HOLD PUBLIC HEARINGS ON JANUARY 13, 1976, AT 7:30 P.M., IN THE CITY COUNCIL CHAMBERS, 401 E. CHAPMAN AVENUE, PLACENTIA, CALIFORNIA.

ITEMS:

Angel Job For Swart

Former Troy High School trainer, Bruce Swart, has been appointed by the California Angels to serve as assistant trainer to Freddie Frederico.

Swart, 25, most recently served as head trainer for the Southern California Sun of the defunct World Football League.

Swart received his athletic training experience under Bill Chambers at Fullerton College. He was the trainer at Maryville (Tenn.) College where he received his bachelor's degree in biology. He is a resident of Brea.

Hawks Win Wrestling Tournament

by Brian Hilderbrand

For the second consecutive year, the El Dorado Golden Hawks have captured first place in their own Takedown Tournament.

The occasion was the Fifth Annual El Dorado Takedown Wrestling Tournament, held at El Dorado's gym. Twenty four high schools from Orange and Los Angeles Counties competed in the day-long event. Three hundred, sixty-three wrestlers competed in over 1400 bouts. The wrestling started at 10 a.m., and concluded with the finals at 9 p.m.

El Dorado placed first with a total of 55 points. Millikan came in second with 37, and Loara finished third with 29 team points.

It was the third time in the five year event that the Hawks have taken the top prize. In the first year of the tourney, ED won it all.

The Golden Hawks sent six men into the finals: Kevin Iwanaga, Wayne Rickard, Tyler Gambill, Keith Iwanaga, Greg Crevling, and Scott Speck. Of the Hawks sent to the finals, two wrestled to a first place medal, Keith Iwanaga and Wayne Rickard. The rest took second place in the weight division.

Jeff Hickok, one Hawk who didn't make it to the finals, received honors for the fastest pin. It occurred within the first 15 seconds of the match.

There was only one serious injury in the tournament, and it was El Dorado's valuable Greg Crevling, suffering possible torn cartilege in his knee. The injury occurred in the second period of his final match. As a result, Crevling had to forfeit the match, and took second place in the 175-lb. class.

Hawk coach, Chuck Smith was pleased with the performance of the team, and felt that the tournament was a success.

El Dorado's next opponent will be cross-town rival, the Valencia Tigers. They will meet at the Hawks' gym Wednesday, January 7, at 6 p.m. The Hawks will then move onto the Costa Mesa Invitational on the following Friday and Saturday, January 9 and 10.

The first, second, and third place finishers in the Fifth Annual El Dorado Takedown Tournament, in each of the 13 weight classes are:

95--1: Amador (Magnolia), 2: IWANAGE (EL DORADO), 3: Ananian (Millikan). 103--1: RICKARD (EL DORADO), 2: Chamberlain (Los Alamitos), 3: Roberts (Loara). 112--1: Ludwig (Los Alamitos), 2: GAMBILL (EL DORADO), 3: Doran (Lakewood). 120--1: IWANAGA (EL DORADO), 2: Hoy (Loara), 3: McCown (Huntington Beach). 127--1: Rappaport (Millikan), 2: Whitaker (Anaheim), 3: Keefe (Rancho Alamitos). 133--1: Duffey (Huntington Beach), 2: Megli (Wilson), 3: Boland (Fullerton). 138--1: Engle (Loara), 2: Roberts (Loara), 3: ALLRED (BREA). 145--1: Powell (Millikan), 2: LeGaspi (Lakewood), 3: Boranian (Tustin). 154--1: Orman (Pacifica), 2: Dapper (Pacifica), 3: Bogart (Fullerton). 165--Martin (Pacifica), 2: BRAZNEY (VALENCIA), 3: Mittan (Los Alamitos). 175--1: Kemble (Corona Del Mar), 2: CREVLING (EL DORADO), 3: Mallet (Anaheim). 191--1: Bransome (Buena Park), 2: SPECK (EL DORADO), 3: Hipp (Millikan). HWT.--1: Clark (Fullerton), 2: Tantola (Millikan), 3: Estrada (Tustin).

TEAM--1: EL DORADO, 2: Millikan, 3: Loara, 4: Pacifica, 5: Fullerton, 6: Lakewood, 7: Huntington Beach....

Tigerettes Return Home With First Place Trophy

Valencia High School's Tigerette Drill Team, received top honors in the Southgate Christmas Parade recently.

The drill team was competing with 15 other schools. The parade also was shown on television.

The drill team has set a good record this year, advancing with each parade, the group reports. Winning a third place at the Hawthorne Band Review, the group took second at the California Band Review.

Leaders of the girls are Carol McGhehey, Sandy Slikker and Lori Williams with adviser Sheila Wilson.

COUNTDOWN-Valencia's Rick Brazeny struggles to keep his man down for the count in El Dorado's Take-Down tournament Saturday evening. Brazeny won one and lost one in the finals to come in second in the 165 pound category. [Picture below].

MISSION ACCOMPLISHED El Dorado's Keith Iwanaga is scoring his first takedown in his next to last match in Saturday's classic. Iwanaga wasted little time in going to the top for a first place medal. He also accepted the team trophy for the Hawk grapplers at the end of the tournament. [Middle picture below]

SPORTS

Tigers Try Hard

Valencia's battling Tigers, barely lost their way in the recent Pioneer Basketgall Tournament held in Whittier, aided by excellent personal performance by their hard-playing stars.

Scores for the first day, Friday, against Bishop Amat, were 86 to 74.

The Tigers in Saturday's game, came out on the short end of a 73-61 against the host team.

In that contest, Valencia's Paul Gilbert shot 30 points with 21 rebounds.

Gilbert, Bob Zamora and Frank Martinez, each were responsible for double figure shooting behind Dennis Taylor's 16 points in the Amat tussle.

Coach Gary Jones said his players' performance were encouraging as the Tiger Cagers recently broke a long losing streak and have kept their steady pace.

"We're improving all the time," Jones reported.

In the first contest, Valencia led at one point in the game, 24 to 23 and barely trailed at halftime with a 48 to 46 tally.

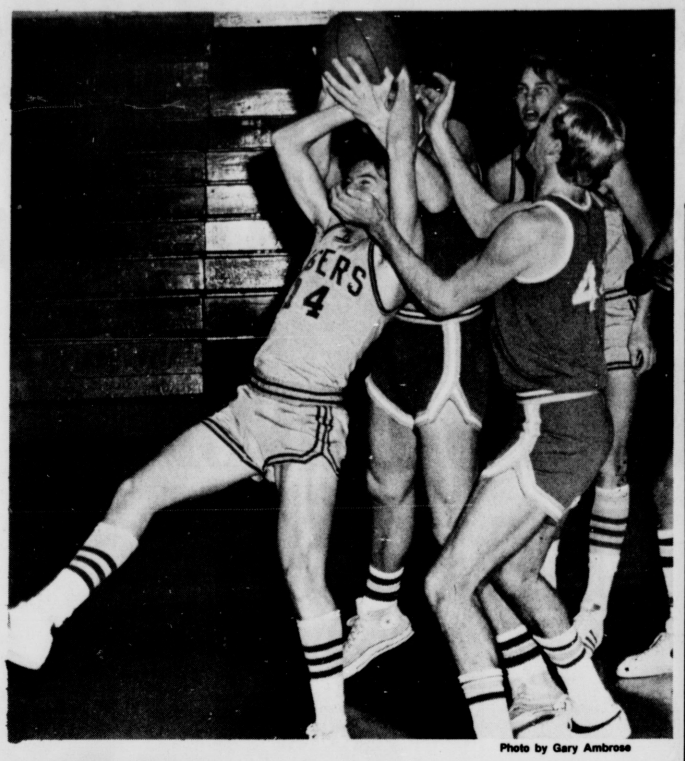

Photo by Gary Ambrose

MUGGED ON THE COURT-Kevin Treager attempts to fight his way out of the crowd long enough to sail the ball toward the hoop. That hand keeps getting in his way. Part of the action at the Pioneer Tournament.

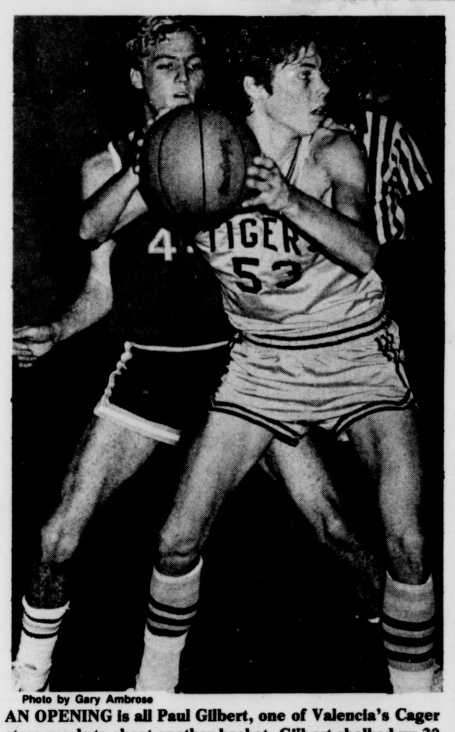

Photo by Gary Ambrose

AN OPENING is all Paul Gilbert, one of Valencia's Cager stars needs to shoot another basket. Gilbert chalked up 30 points against Whitier's Pioneers in one game in the recent basketball tournament.

Riding Show Announced

The Fullerton Recreational Riders, Inc., are planning their first show of 1976 to be held on Sunday, January 11.

The Western Schooling Show will begin at 8:30 a.m. at the Fullerton Recreational Riders Show Ring at the corner of Lakeview and Euclid in Fullerton. The rain date is set for February 8.

Classes will include Halter, Open, Quarter, Pony, Color, Equitation, Pleasure and Green Horse. The judge will be Frank Craighead, Tonya Daggett, chairwoman of the show reports.

Entry fee for each class is $3 and $2 for members of the Fullerton club.

The show will be open to the public with free admission and lunch available on the grounds.

For further information call 871-5806.

Park Acreage Expands

The courts have granted approval for the Tri-City Park Authority to purchase the additional 11 acres to complete the 40-acre Tri-City Park at the northwest corner of Placentia, Placentia Mayor and chairman Robert B. Lyons reported this week.

The property is a part of the Tuffree estate and required agreement before it could be purchased as a part of the park.

The lake oriented recreational area is under the mandate of Placentia, Fullerton, Brea and Orange County, with the first phase development of the park now under planning.

Chairman Lyons said that the group's usual meeting will not be held on January 7 but a special meeting may be called later in the month if it is necessary to take action on the land acquisition.

PlacentianWinnerInBike-A-Thon

Six ten-speed bicycles have been awarded to the winners of the recent American Cancer Society Bike-a-Thon, the organization said this week.

The bikes were donated by 7-Eleven Food Stores and were given in both senior and junior divisions to riders who collected the most money, completed the most miles and obtained the most sponsors.

Junior division winners included Ed Harris, Placentia, most miles. The Bike-a-Thon raised funds to help support the American Cancer Society's research, education and service programs.

Library Closed Two Days

The Placentia Library will be closed for a two-day New Year's Holiday on both Wednesday and Thursday of this week.

The library will be closed December 31 and January 1, Director David Snow reports.

Fullerton.

EYE OPENERS BY Bob Frankeny

Store orange and lemon rinds in a plastic bag in the freezer. They're much easier to grate when frozen.

••

You and the postman will have less trouble opening your mailbox--especially if it's the metal rural type--if you wax the edges.

••

When making party sandwiches, it's easier to trim crusts if bread is frozen. No time to freeze it? Use shears instead of a knife.

••

If whipping cream looks like it's not going to whip, try adding three or four drops of lemon juice or a little powdered unflavored gelatin.

••

You can patch a nail hole in a wall with a mixture of equal amounts of salt and starch, plus just enough water to make a paste.

••

All of us at hope you have a healthy, happy and prosperous New Year.

RECEPTION--Yorba Linda Mayor Carolyn Ewing, left, at reception held by Faye Smith, right, in honor of El Salvador's Ambassador to the United States, Francisco Galindo, center. Mrs. Smith is state director for the Miss California Universe Pageant and met with Ambassador while in El Salvador for this year's Pageant.

La Leche League

The Yorba Linda La Leche League will hold the third in a series of four monthly meetings. The series will be held in the Recreation Room of the Banbury Cross Apartments, 500 East Imperial Highway in Fullerton at 8 p.m.

The topic of discussion January 8th will be "The Baby Arrives; The Family and the Breastfed Baby". A non-sectarian, non-profit organization, the league's purpose is to encourage good mothering through breast feeding.

All women who are interested in nursing their babies are invited, as are their babies. You need not be pregnant or have a family to attend.

The next topic in the series will be "Nutrition and Weaning of the Breastfed Baby". For further information about La Leche League contact Joan Steadman at 879-9229.

NEW OFFICERS INSTALLED--for the Placentia Republican Women Federated include the group pictured. The installation was held at the home of Mrs. Ione Beard with Connie Bleick serving as the installing officer. Pictured are [left to right], Clara Vartanian, second vice president, membership; Helen Keenan, third vice president, ways and means; Nancy Amorde, treasurer; Peggy Barnes, president; Phyllis Wilcox, recording secretary and Charlotte Tiedt, first vice president. Mrs. Keenan, an active member of the Placentia club since 1970, was named Worker of the Year at the recent Orange County GOP convention. She worked actively in the campaign of Congressman Charles Wiggins and was co-chairman of the Proposition I Committee for the city of Placentia for Ronald Reagan. Officers not shown are Ardeth Hansen, corresponding secretary and Marge Helander, parliamentarian.

HELEN KEENAN, Worker of the Year for the GOP.

Mrs. Lyons' Parents Are Visiting

Mayor and Mrs. Robert B. Lyons are observing traditional holidays this year with time spent at home with their family.

Special guests in their home are Mrs. Lyons' parents, Mr. and Mrs. Bill Johansen from Phoenix, Arizona. The Johansen's will be visiting throughout the holidays, spending time with the Lyons and with the Johansens' four grandchildren, Kevin, Michael, Brien and Theresa.

Secretaries Schedule Dessert

Valencia Chapter, National Secretaries Association, International, will conduct a Dessert/Business meeting at 7:30 p.m. on January 8, 1976, at the Faculty Lounge of Fullerton College, 321 E. Chapman Avenue, Fullerton, for a donation of $1 towards dessert.

Program speaker will be Dr. Katherine B. Seibert, CPS, Associate Vice President for Academic Affairs, Cal Poly, Pomona. Her topic will be "Secretarial Rewards."

Orange County residents may make reservations by calling Mrs. Janet Chamberlain, Orange County Probation Department, (714) 634-7483 or in Los Angeles by calling Mrs. Betty Wisley, Fluor Engineers, (213) 262-6111, Ext. 1754.

Reservation deadline is January 5.

Transfer your savings certificate account to Pomona First Federal!
We guarantee no loss of interest, and can also guarantee higher earnings and annual yield!

If you opened a certificate account several years ago that account may be ready to mature. It is probably at a much lower interest rate than savings certificates available today. Unless you take *specific* action on that account, you stand to lose substantial interest.

At Pomona First Federal, your Financial Friend, you can transfer your account to higher earnings, at no cost or loss of interest to you. In a Pomona First Federal certificate account, your funds can earn up to 7¾% per annum—an annual yield of 8.06%!*

Remember, if savings certificates are left to renew (which they do automatically ten days after they mature), you'll be losing important interest—the difference between the interest rates of the past and the higher rates of today.

Bring your certificate in to Pomona First Federal *today*. We'll be glad to transfer the account, no matter when your certificate matures, 30, 60, even 90 days from now. That's the spirit of Financial Friendship at PFF! Guaranteed Interest!

GUARANTEED INTEREST!

5¼%	per annum passbook accounts $5.00 minimum	ANNUAL YIELD 5.39%
5¾%*	per annum 90 day Bonus $1000 minimum	ANNUAL YIELD 5.92%
6½%*	per annum 1-10 year Certificate $1000 minimum	ANNUAL YIELD 6.72%
6¾%*	per annum 2½-10 year Certificate $1000 minimum	ANNUAL YIELD 6.98%
7½%*	per annum 4-5 year Certificate $1000 minimum	ANNUAL YIELD 7.79%
7¾%*	per annum 6 year Certificate $1000 minimum	ANNUAL YIELD 8.06%

*Of course, federal regulations require a substantial interest penalty for early withdrawal. All yield figures are based on earnings remaining in your account for one year. Availability of Certificate Accounts is limited and may be withdrawn at any time.

We will be OPEN SATURDAY JANUARY 10 ...9 a.m. 'til noon.

Phone Gabfests To Cost More

Pacific Telephone announced that it plans early next year to begin charging for the local calls of measured-rate service customers on the basis of how long they talk. The change will not affect most residence customers, nor will it apply to coin telephones.

The Plan will be introduced in Orange County and the Oakland-East Bay area in the first quarter of 1976, and in other extended metropolitan areas in California over the next five years.

Only about 20 percent of the company's residence customers are on measure-rate service, although virtually all business customers in metropolitan areas have such service.

Under the plan, there will be a charge of one message unit for up to five minutes of initial conversation. Another message unit will be charged for each additional five-minute period, or fraction thereof, of conversation.

The rate for each message unit is five cents.

In the past, customers with measured service were not charged extra if the number of local calls made each month did not exceed their local call allowance.

Under the new plan, however, a customer could use up his allowance--say 80 local message units a month as in the case of a business line--by placing 80 individual calls of five minutes or less or in an extreme case, one call of 400 minutes could use up the 80-message allowance.

Pacific Telephone Orange County General Manager E.W. Dey said the new pricing concept was authorized in 1974 by the California Public Utilities Commission, following Public Hearings.

Dey said the timing of measured rate calls will bring the price charged for the service closer to the cost of providing it.

When some customers hold lengthy conversations, he said, they tie up telephone switching equipment. So that other customers will not be prevented from making calls when they want to, the company must provide extra equipment resulting in additional costs. These cost ultimately must be passed on to all customers, he said.

Residence customers affected by timing of local calls are those who subscribe to 30 local-message unit service at $2.50 a month, or the 60 local-message units at $3.75 a month.

Campsite Reservation Change

State Parks and Recreation Director Herbert Rhodes announced a procedural change that will make the state park campsite reservation system more easily available to those people who find it impossible to make vacation and holiday plans as long as 3 months in advance.

Beginning January 1, 1976, a maximum of 80 percent of the family campsites in any one state park unit will be available for reservation 90 days in advance. The remaining 20 percent will be held until 30 days in advance of the camping date.

Under the present rules, all campsites in the reservation system are available for reservation 90 days before the camping date. Reservations may be made as late as Monday for the following weekend.

Rhodes also announced that the department's contact with Ticketron, the company that provides the computerized network that serves the state park reservation system, has been extended for one year under the present contract terms.

Rates for the various camping facilities available in the State Park System are $4 for each trailer hookup site, $3 for developed family campsites, and $1.50 for primitive campsites. A $1.50 fee is charged for each reservation.

Fees for group camping are $10 per night for youth groups of up to 40 persons plus 25 cents per night for each additional person. Fees for adult groups are $10 per night for 20 persons plus 50 cents per night for each additional person. There is a reservation fee of $2.50 for each period reserved for group camping.

To learn the address of the nearest Ticketron office, in Los Angeles, phone (213) 670-1242.
